"The Host With The Most" Says A Gourmet Banker!

"I'm convinced that you not only pay 44 percent to your depositor and conform with the 10 percent reserve, but 'You're The Host With The Most,' a visiting Federal Savings and Loan Association Executive wrote Dick Porfom, whose Everglades Federal Savings was host to the Region One Body of the Florida Savings and Loan League, at the Belle Glade Country Club, Friday.

Representing eleven Loan Associations with a total resources of more than a quarter of a billion dollars and covering the area from Beach to Delray, and including Okeechobee, Glades and Hendry counties, ten of the associations had representatives at the monthly meeting here.

Included in the activities, following a short business meeting was a tour of the Glades, fields

City Gov't. Busy With 'Fall Business'

Police Department
During one 48-hour period—Friday from 5:30 to Sunday at 5:30 the Belle Glade Police had 52 "customers," arrested and booked, mostly from weekend social and recreational activities.

In November of the 296 arrests, less than 7 percent were not convicted, or turned over to other agencies.

Of four breakings and enterings reported, three were cleared by arrests.

There were 19 traffic accidents reported, and within daily average population of 77 in jail, the department brought in \$4,569.

Gold Course
Green fees here in \$178 and building rental \$50.

A club championship tournament was held during the month, with 18 holes being played each Sunday afternoon, with a banquet being held on the 9th for awarding of trophies.

Game Warden
One hog, one pony, 6 cats and 24 dogs kept in 1961.

A club championship tournament was held during the month, with 18 holes being played each Sunday afternoon, with a banquet being held on the 9th for awarding of trophies.

Library
1,243 persons brought the 1961 year to a close.

Park Department
The sweeper travelled 401 miles.

Everglades Federal Savings and Loan Association
The association will be closed all day December 27th for posting dividends.

Building Inspector
\$219,000 in building permits were issued, including 8 new homes for \$92,000 and one business building for \$21,000.

Fire Department
A total loss reported is \$60,000, with \$40 of this being for autos.

Sewerage Department
Normal upsurge and activities included the pumping of 3,590,300 gallons through the plant, with "near excellent results."

Some Laws ARE JUST — JUST Fanatical

Florida laws declare firecrackers illegal; Georgia allows the kids to have fun with crackers, just as you and I did.

Scout release says "True only the people who profit from firecrackers are their Japanese and American manufacturers and the Georgia retailers."

There's one good argument — law violation — but try to explain to a kid why the great State of Georgia let's its boys have firecrackers and why Florida doesn't!

Christmas is the time for the singing of glad songs...for giving thanks, and reaffirming our faith. It's the season for love — when families reunite, and men think of all mankind. It's the time, too, when greetings are exchanged...when we pause to wish you the greatest happiness.

Corn Leads Celery Movement In "Sick" Vegetable Sales

Leading last year's movement for the same time by 900 cars, corn tops the fall vegetable movement from the Lake Okeechobee area, with celery only 200 car equivalents ahead of last year.

The fall bean deal is short 400 cars by comparison with last year according to G. F. Pittman, Federal State crop reporting service.

"Cabbage and radish crops are lagging behind last year's, probably, to the continued warm weather in the northern states," Mr. Pittman says.

P. Myers and Immoekale have volume leaders in cucumbers, pepper and tomatoes, while in Ft. Pierce the tomatoes is the volume item; pole beans, squash and tomatoes in Dade County are in volume. All have faced a low fall market.

Notice
Everglades Federal Savings and Loan Association offices will be closed all day December 27th for posting dividends.

Annual Yule Party Held By BPW Club
A festive Christmas spirit was apparent at the Christmas Party held at the home of Mrs. Imogene Goodlett, when members of the Business and Professional Women's Club met Monday night.

A beautiful Yule tree glowing with colorful lights and decorations in the living room and hugh came were used out side.

The table centered with a lace cloth was centered with a lovely Christmas arrangement of Florida Holly, pine cones, white poinsettias and red ribbon. Refreshments carrying out the holiday theme were punch, fruit cake and wheels of fortune.

Each member read their fortunes and there were many comments as to whether they would come true.

All kinds of foods for Christmas baskets were brought by members and so no one was hungry. The Christmas party was a success.

Other hostesses with Mrs. Goodlett were Mrs. Janis Croft, Mrs. Ives Ashley and Mrs. Jean Helveston.

Jack Thorne Dies From Pistol Shot

Mr. Thorne, 50 year old Sales Director for Lake Shore Growers Cooperative, died Wednesday morning at approximately five o'clock, as the result of a 22 caliber automatic pistol shot which entered his right temple and lodged near the left eye, according to authoritative reports.

Mr. Thorne, a native of Arcadia, began his career in the vegetable distribution business more than a quarter of a century ago, and has been active in his profession in the Glades for approximately 20 years, as salesman, broker and most recently as Sales Director for one of the Glades' largest grower co-ops—Lake Shore Growers.

Known within the vegetable industry of the Nation, and respected as tops in his profession, Mr. Thorne included distribution of produce during the summer time in Georgia and the Carolinas, as part of his operation.

Commencing as a stenographer in his middle teens with a railroad, he transferred his skills to the legal profession and later to American Fruit Growers on the west coast of Florida. He found that in the end his talents produced results which led to success on the top rung.

Leut. Johnny Thorne, the eldest child is stationed at Maxwell Field Air Force Base.

Susie, a five-year-old is the young lady of the family. Louise wife and mother is the remaining child of the immediate family.

Other survivors include Mrs. May Reynolds Thorne, mother of Braden and well known as a frequent visitor here; two brothers, George Wright of Anchorage, Alaska, and James Reynolds of Richmond, Va.

Services for Mr. Thorne will be conducted at the First Baptist Church, Belle Glade, at 10 a.m. Friday with the Rev. Luther Key, pastor, officiating.

Interment will be in Foreverglades Mausoleum.

Yule Party Held By Garden Club

Members of Belle Glade Garden Club enjoyed their annual Christmas Party and gift exchange at a pot luck turkey dinner held in the park shelter.

Mrs. J. P. Halbrook, Jr., president presided and announced members from the club would judge the South Bay Christmas Lighting contest, Thursday Dec. 20.

Mrs. Gladys McDonald decorated the tables in the yule theme for the dinner and Mrs. R. E. Watson was in charge of the Christmas tree. Beautiful corsages were displayed and purchased by the guest and members. They were made by Mrs. William Masonic of South Bay.

Guests enjoying the party were Mrs. Pearl Gaskell, Miami Mrs. N. E. Stucker, St. Paul Minn., Mrs. E. P. Kline, Wichita, Kansas; Mrs. E. Newell, Mrs. Velma Evans, Mrs. S. B. Cowart, Mrs. Mary McLendon, Misses Reba Browne and Sheila Watson.

Hostesses were Mrs. Lonnie Warren, Mrs. Gladys McDonald, Mrs. W. H. Hooker and Mrs. Della Altman.

Negro Policeman Added By The City

The City Commission authorized and the Chief has employed a colored walking policeman for the colored section.

Louis D. Sanders, age 33, a native of West Palm Beach came highly recommended, and began his tour of duty Tuesday.

Betty Myers' Father Passes Away In N. Y.

Word was received here Wednesday morning of the home going of Miss Betty Myers' father, Mr. Archie Myers of Sayville, Long Island.

Betty has been helping to care for her father since he was called home on October 23rd. Her many friends will be glad to know that she will be returning to Belle Glade the first of the year.

Mr. Myers had been active up until one year ago in August. He was 75 years old in November and last January visited her daughter here.

Postal Business Booming

"This has been a record Christmas season to date at our post office," reported postmaster Rosa Nash. "Despite all records broken in incoming and outgoing mails there were no delayed mails and no backlog to care for. However, there were some very tired employees," Mrs. Nash added.

However, Mrs. Nash said, Monday and Tuesday of Xmas week accounted for 39 percent of the total cancellations since December 11.

"Our entire office force, augmented only with two additional seasonal assistants, has worked many hours overtime to insure prompt delivery of the Christmas mails. Patrons have been most cooperative and patient. We only hope they will continue to be so until after the holiday season ends."

The entire office force wish to thank our patrons for their cooperative one do wish for all of them a happy yuletide season," concluded Mrs. Nash.

There will be no delivery on Christmas eve and Christmas day, except for Christmas parcels and special delivery mail. However, one mail will go out on Sunday and one on Christmas day, as usual for Sunday and Holiday service.

School Patrol Membership Has 80 Percent Waiting List For The Year

"There are 56 members in the Belle Glade Elementary School Patrol," Advisor Henry Williams told Rotarians Friday, "and 45 on the waiting list."

The patrol provides an incentive to make better grades and gives the children a sense of responsibility — community benefits include savings in taxpayers money in replacing additional officers in the police department."

"Skycrapers, roads and bridges will eventually crumble and crack, but good citizenship is a continuing thing — through the patrol organizations, we are building a reservoir of good citizenship and the only way we can build a permanent growth is through our children," the speaker added.

Advisor Williams paid tribute to the cooperation of Chas. Goodlett and his Police Department.

Bishop Moore And Clay Milby Team Together For Evangelistic Services

In the midst of preparations for Christmas Programs the Community Methodist Church is also making last minute preparations for the Evangelistic Services under the leadership of Bishop Arthur J. Moore and Mr. Clay Milby, song leader. Bishop Moore, a world famous evangelist, Methodist Bishop and Missionary Leader, will lead the church in a week of Evangelism Extraordinary.

Beginning on Sunday morning December 31 and extending through Friday evening, January 5, Bishop Moore will preach morning and evening. Each morning at 10:00 in the Prayer Chapel and each evening at 8:00 in the Sanctuary.

Bishop Moore will be ably assisted by Mr. Clay Milby of Atlanta, Georgia as song leader and soloist. Mr. Milby comes to Belle Glade as the choice of Bishop Moore as the best song leader available. The evangelistic team of Bishop Moore and song leader, Clay Milby are said

Clay Milby... Song Leader

to be equal to any similar team in America today. No one should miss the opportunity to hear these two outstanding Christian leaders.

Presiding Minister Of Jehovah's Witnesses Goes To New Assignment

After a most enjoyable four years of Christian activity in the Glades area, Mr. James Gwin Zea, presiding minister of the Belle Glade congregation of Jehovah's Witnesses, has informed the Herald he has accepted a recommendation of the Watch Tower Bible and Tract Society of Brooklyn, New York, that he change his service assignment to a congregation of Jehovah's Witnesses in the Phoenix, Arizona, area.

Mr. Zea has been an active minister of Jehovah's Witnesses for the past fifty years and during that time has seen the organization grow from a few dozens to its present size of nearly one million active workers. He has been associated with congregations in New York, Philadelphia, Detroit and various other cities in the North and the South. During his ministry in the Glades the local congregation has prospered spiritually and expanded.

During his sojourn among the friendly people in Belle Glade, Mr. Zea has made many friends and had innumerable happy experiences. It is with deep regret that these friendships and experiences cannot continue here but both he and Mrs. Zea leave for their new assignment eagerly awaiting the new friendships and happy experiences that will undoubtedly await them there.

Thursday evening at the congregation gave Mr. and Mrs. Zea on Wednesday Road the confluence of Mr. and Mrs. Bill Hain a farewell dinner with 54 in attendance. According to all reports a most enjoyable and profitable time was had by all.

Christmas Services At St. Peter's Lutheran Church

Sunday, Dec. 24, the Eve of Christmas Nativity, the service of divine worship at St. Peter's Lutheran Church, will begin at 9:30 a. m. The topic of the sermon will be "The Forerunner and Herald of Heaven's Great King." The preacher will be the Vicar, the Rev. August Koerber. A Children's Service will be held on the evening of Sunday, Dec. 24th at 7 p. m. under the superintendency of Mr. Dallas Nehls and Mrs. Albert Kruse, who will be in charge of the musical parts of the Children's Christmas program.

On Christmas Monday, Dec. 25th, at 1:30 p. m. the subject of the sermon will be "The Virgin-born Savior of Men." Thursday evening at 8 p. m. a Christmas social for all the members and friends of the Church will be held in the home of Messrs. Frank and Albert Kruse.

Bridal Shower Fetes Patsy Folsom

Miss Patsy Folsom was honored with a bridal shower Thursday night in the Sunday School rooms of the Baptist Church. The honoree was presented with a white carnation corsage. Alliance Church Elects Officers

The annual business meeting of the Christian and Missionary Alliance Church of Belle Glade was held Wednesday, December 13.

The following officers of the church were elected for 1962: Recording Secretary, Mrs. John Brannon; Treasurer, Mr. George Dupere; Financial Secretary, Mrs. J. D. Stephens; Missionary Treas., Mrs. George Dupere; Sunday School Superintendent, Mr. J. D. Stephens; A. Y. P. President, Miss Darlene Dupere; W. M. P. President, Mrs. Russell Fox.

Included in the business of the evening was the changing of the local church name from The Christian and Missionary Alliance Church of Belle Glade to The Belle Glade Alliance Church.

Judy Sullivan, Six Feted On Birthday

SOUTH BAY — A party in the Park at South Bay marked the birthday of Judy Ann Sullivan who was six years old Saturday. Mrs. Clayton Waters and Judy's mother, Mrs. J. G. Sullivan entertained a number of her friends.

The Christmas theme was carried out in the birthday cake. A large sheet cake was decorated with Santa coming down the chimney on one end and poinsettias silver bells and red ribbons on the other, with the center inscribed "Happy Birthday, Judy Ann."

Punch and cake was served to the following Judy Ann Sullivan, Kip Newsome, Ellis Crant Jr., Sam Waters, Denise Quellet, Jimmy Williams, Dennis Harrell, Evelyn Deleus, Darrell Kelley, Steve Woodard, Jaymie Quellet, Dennis Martin, Christi Kelson, Donnie Ed Barnes, Max Harrell, Debbie Davis, Paula Mae Burkett.

Each child was presented a Santa Claus as a favor. Marion Sullivan, Gail Sullivan, Penny Waters, assisted Mrs. Waters and Mrs. Sullivan with the refreshments. Mrs. Betty Jean Harrell also attended.

Cuban Corner

Noticias de La Cubanos During the final two classes in English, time was spent discussing Christmas customs in this country. Christmas Carols were interpreted and sung. Mr. Francisco De la Vega wrote the following account of Christmas in Cuba:

Cuba was a small country but very happy before Fidel Castro took the power. In our country, with all the world, the Christmas Season was a very wonderful time.

In the Cuban Christmas, all the family goes to Church December 25th at twelve o'clock in m. WY-6-2037. 9-14-41

FBI Working closely Now With Local law

An important new weapon in the arsenal of the Nation's law enforcement officers has been provided with the President's signing of Public Law 87-368. Wielded correctly and vigorously, this new law—an extension of the Fugitive Felon Act—can result in making even more effective the stringent curfew and curfew laws which criminals who viciously strike in the heart of one community and then flee to what was, in the past, a far-off sanctuary.

Prior to the passage of the new legislation, the FBI, under the Fugitive Felon Act, could come to the aid of local law enforcement authorities only in the apprehension of fugitives who crossed State lines to avoid prosecution, custody, or confinement after conviction for murder, kidnapping, burglary, robbery, mayhem, rape, assault with a dangerous weapon, arson punishable as a felony, or extortion accompanied by threat of violence or attempts to commit any of these offenses.

Now, local law enforcement agencies and the FBI have an opportunity, working shoulder to shoulder, to bring about the apprehension of any fugitive who flees across State lines to avoid prosecution, custody, or confinement after conviction for a crime, or an attempt to com-

mit a crime, punishable by death or which is a felony under the laws of the place from which the fugitive flees. The new law, as did the old, also covers flight across State lines to avoid giving testimony in connection with the additional crimes covered. The penalty for each of these violations is a \$5,000 fine or 5 years' imprisonment or both.

This extension of existing co-

operative measures strengthen the advancing law enforcement action which is encircling and confining the felon who has taken advantage of modern-day, high-speed transportation to escape justice.

Joy Gift Pageant - Candlelight Service Held By Presbyterians

The Presbyterian Church, held its Joy Gift Pageant and Candlelight service in the Sanctuary at 7:30 p. m. Sunday. A large number of members and interested citizens gathered at the Church at 7:30 p. m. to witness the pageant "Love Came Down" presented under the direction of Mrs. Harold Brough.

The entire program was designed as one of worship with scripture, music and prayers. The first scene depicted a city street in Jerusalem about 28 a. d. with patriots discussing conditions in Jerusalem at the time and finally saying "Come, Let us kill! What rights have they who tread the streets of God's land as foes and wear our people down with taxes and demands" following which a voice from the wings is heard saying "They that take the sword shall perish by the sword. In quietness and in trust shall ye renew your strength. Come unto me all ye that labor and are heavy laden, and I will give you rest." Other portions portrayed the "Rich Young Ruler" and the "Prodigal".

In the scene two, the Virgin Mary holding the Christ Child was revealed with appropriate readings of the Scriptural Reference in Luke 1:46-55, Mat-

thew 1:23, Luke 1:32,33, Galatians 4:4, 5, 7.

Members of the congregation participated in the program by reading in union, led by the Pastor, Rev. J. K. Johnston, the scriptural passage from John 1:1-5, 14, 16-19.

Taking part in the presentation were: Publican, Victor Riedel "First Patriot, Eddie Whitlock," Second Patriot, Daniel Lanier; Voice from the Wings, Gene McClure; Young Ruler, James Gressinger; Prodigal, Stanley Burns; Woman's Voice, Ginger Crichfield; First Voice, Ann Murray; Second Voice, Harriet Edwards; Third Voice, Mary Mathewson; Virgin, Donna Moties; Woman's Voice, Ulaia Felsing; First Male Voice, Urban Felsing; Second Male Voice, Dennis Alford; Another Voice, Janet Crichfield Children's choir by children of the Nursery, Kindergarten, Primary and Junior Sunday School Classes; Pianist, Pam Whitlock; Father, Dick Murray; mother, Mina Murray; Molly, Ann Murray; Jim, Stan Whitlock; Sam, Tommy Murray; and the adult choir, Harriet Edwards, Lauretta Crichfield, Clara Stinson, Violet Felsing, Ann Murray, Eleanor Parker, Mary Mathewson, Mary Allyn, Lynn, Urban Felsing and Dennis Alford.

Musical selections for the program were Christmas Carols and special music by the adult choir under the direction of Mrs. W. K. Whitlock, Choir Director; Mrs. Robert R. Roadman, Organist and Mrs. Mary Allyn at the piano. After the program, members and visitors enjoyed a social hour in the social hall of the Church where punch, coffee and cookies were served.

A Visit From St. Nicholas by DR. CLEMENT CLARK MOORE

'Twas the night before Christmas, when all through the house
Not a creature was stirring, not even a mouse;
The stockings were hung by the chimney with care,

In hopes that St. Nicholas soon would be there;
The children were nestled all snug in their beds,
While visions of sugar-plums danced in their heads;

And Mamma in her 'kerchief, and I in my cap,
Had just settled our brains for a long winter's nap;

When out on the lawn there arose such a clatter,
I sprang from the bed to see what was the matter.

Away to the window I flew like a flash,
Tore open the shutters and threw up the sash.

The moon on the breast of the new-fallen snow,
Gave the lustre of mid-day to objects below,

When, what to my wondering eyes should appear,
Saw a miniature sleigh, and eight tiny reindeer,

With a little old driver, so lively and quick,
I knew in a moment it must be St. Nick.

More rapid than eagles his coursers they came,
And he whistled, and shouted and called them by name;

"Now, Dasher! now, Dancer! now Prancer and Vixen!
On, Comet! on Comet! on Comet and Blitzen!

To the top of the porch! to the top of the wall!
Now dash away! dash away! dash away all!

As dry leaves that before the wild hurricane fly,
When they meet with an obstacle, mount to the sky;

So up to the house-top the coursers they flew,
With the sleigh full of toys, and St. Nicholas, too.

And then in a twinkling, I heard on the roof,
The prancing and pawing of each little hoof—

As I drew in my head, and was turning around,
Down the chimney St. Nicholas came with a bound.

He was dressed all in fur, from his head to his foot,
And his clothes were all tarnished with ashes and soot;

A bundle of Toys he had flung on his back,
And he looked like a peddler just opening his pack.

His eyes—how they twinkled! his dimples,
How merry!

His cheeks were like roses, his nose like a cherry!
His droll little mouth was drawn up like a bow,

And the beard of his chin was as white as the snow;
The stump of a pipe he held tight in his teeth,

And the smoke it encircled his head like a wreath;
He had a broad face and a little round belly,

That shook when he laughed, like a bowlful of jelly.
He was chubby and plump, a right jolly old elf,

And I laughed when I saw him, in spite of myself,
Soon gave me to know I had nothing to dread;

He spoke not a word, but went straight to his work,
And filled all the stockings; then turned with a jerk,

And laying his finger aside of his nose,
And giving a nod, up the chimney he rose;

He sprang to his sleigh, to his team gave a whistle,
And away they all flew like the down of a thistle.

But I heard him exclaim, ere he drove out of sight,
"Happy Christmas to all, and to all a good night!"

Lively Reports Gain In Bonds

Palm Beach County bond purchases which have contributed importantly to a record breaking achievement for the eleven months just past have been \$2,941,008 according to 1961 goal of \$2,894,000, according to Edwin M. Lively, chairman of the Belle Glade Volunteer Savings Bond Committee.

Mr. Lively today announced that Floridians had achieved a fifteen-year peacetime record in the purchase of Series E and H Savings Bonds. In the first 11 months of 1961, purchases of

\$75,574,526 were nearly \$4 million more than in the full year of 1960. This figure exceeds by \$1.1 million the Treasury Department's assigned quota of \$74.4 million for the year 1961 and is nearly three-quarters of a million ahead of the previous 11-month record established in 1955. It also assures the state of passing the 1955 full year record figure of \$80.3 million when the purchase of Series E and H Savings Bonds. In the first 11 months of 1961, purchases of

FISHING IN THE GLADES

Len Hartman

THE BASS ARE BITING.

Reports from all concerned indicate that the best bass feeding is under way on the lake and in the canals. So if you want the best fishing in years come on out and catch a few of the five to nine pounders that are being caught.

Mark says the lake hasn't been so good since last winter, and he adds never before have I seen such a run of consistent big bass. His son Jimmy and Butch Davis hauled in four that totaled 30 pounds. I have been kidding Jim on not catching any bass while living in the best fishing area in all of Florida. His answer was, "I am waiting till the big ones start feeding." So you can see why he enjoyed rubbing it in that his time finally came. I have to bow to your wisdom of the lake.

We have a junior fisherman Billy Gressinger of Belle Glade age 8 who showed them all how it's done. He hauled in a 4 pound

9 ounce bass on a shiner while fishing out of Marks Fish Camp. Slim reports the fishings the best in years and looks for continued action with the bass spawning. He further states the ducks are out there in numbers. But who can pick up a gun long enough to shoot them with all this bass activity going on.

Marks Fish Camp

Mike Kelly, George Carter and Bob Frater all of Ft. Lauderdale and Fred Starr of Miami were out with guides and had a total of 58 bass all of which were taken on spoons. Eight of these weighed 58 pounds.

Jim Challancin and Butch Davis had seven bass with four that totaled 30 pounds. All taken on spoons.

Jack Freeman of West Hollywood had the limit of bass to 9 pounds.

H. A. Warner had limit to 7 1/2 pounds.

Mr. and Mrs. Harry Couey had six bass to 9 pounds.

Billy Gressinger of Belle Glade age 8 caught a bass 4 pounds, 9 ounces. Billy becomes our first junior fisherman for the area this year.

Clyde Conner of BG had limit catches three days this week. Three of these bass were just over seven pounds.

Yates Floyd and Jim Gressinger had a string of bass to 7 1/2 pounds.

Tolgate guided Frank Perryman to a string of six bass to 4 three-quarter pounds.

Gordon Boyer of Story, Wyoming fished three days with plenty of bass. His biggest a 9 pounder.

Bill Knoll of West Palm Beach had 8 bass to 9 pounds.

Mr. Ayers of West Palm Beach likes our lake fishing so much he is planning to move here. He took 8 bass to 8 pounds on a recent days fishing.

Bill Gamble and partner had a string of 25 bass to 5 pounds all taken on Paw Paw plugs.

Both of Belle Glade.

Morris Betts of B. G. had 9 bass three of which ran 5, 8 and 9 pounds.

Mr. and Mrs. Nuss of West Palm Beach had 4 bass to 6 three-quarter pounds.

Fidelity SS Class

Enjoys Yule Party

The home of Mrs. Lloyd Strayer was the scene of a Christmas party and gift exchange for members and guests of the Fidelity Sunday School Class of the First Baptist church.

The house was lovely decorated in the Yule theme. The table was covered with a red Christmas cloth with white felt poinsettias, and held a silver coffee service and a sprayed white Xmas tree branch with silver ornaments.

Mrs. R. V. Allison presented a reading entitled "Are You Prepared for Christmas?" Mrs. W. T. Forsee had the entertainment for the evening and several games were played with Mrs. Chris Figueroa and Mrs. Allison as winners.

Delicious refreshments were served by the hostesses Mrs. H. T. Moore, Mrs. Charles Sanders and Mrs. Ralph Kirk.

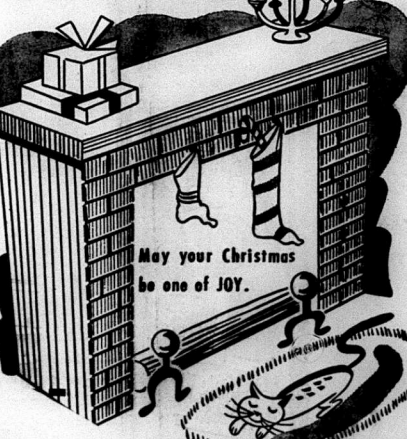

Party Compliments

SOUTH BAY — Mr. and Mrs. Ellis Crant entertained with a birthday party Friday afternoon at Jeffries Memorial Park complimenting their son, Ellis, Jr., on his seventh birthday.

More than twenty children, his classmates in the second grade helped to celebrate the occasion.

The youngsters enjoyed playing on the park equipment. Cake ice cream, nuts and candy were served. The birthday cake was beautifully decorated with pink and white roses.

Open House Will Honor Mr. and Mrs. Littleton

Mr. and Mrs. F. Lester Clarke are holding open house at their 581 South East First St., from 4 to 8 p. m. on Christmas Eve, honoring their daughter and son-in-law, Mr. and Mrs. Kermit L. Littleton, who are visiting here from Cleveland, Miss., during the holidays.

Formal invitations are not being sent but all friends of the bride and family are invited.

A little girl's curiosity has led to a bit of Christmas philosophy that has since become a Christmas classic.

One day — in December — in 1897 Virginia O'Hanlon wrote a letter to the New York Sun.

"I am eight years old. Some of my little friends say there is no Santa Claus. My papa says, 'If you see it in the SUN, it's so.' Please tell me the truth — is there a Santa Claus?"

Because we believe the reply with its message of keen spiritual insight deserves reading again, and again — we show it here. It was written by Francis E. Church, a writer for the old Sun.

Here it is: "Yes, indeed! "Virginia, your little friends are wrong. They have been affected by the skepticism of a skeptical age — they do not believe except what they see — they think nothing can be which is not comprehensible by their little minds."

"All minds, Virginia, whether they be men's or children's are little. In this great universe of ours, man is a mere insect, an ant, in his intellect, as compared with the boundless world about him, as measured by the intelligence capable of grasping the whole of truth and knowledge."

"Yes, Virginia, there is a Santa Claus." "He exists as certainly as love and generosity and devotion exist, and you know that they abound and give to your life its highest beauty and joy. Alas! how dreary would be the world if there were no Santa Claus! It would be as dreary as if there were no Virginias. There would be no childlike faith then, no poetry, no romance to make tolerable this existence. We should have no enjoyment, except in sense and sight. The eternal light with which childhood fills the world would be extinguished."

"Not believe in Santa Claus! You might as well not believe in fairies!" "You might get your papa to hire men to watch in all the chimneys on Christmas eve to catch Santa Claus, but even if they did not see Santa Claus coming down, what would that prove? Nobody sees Santa Claus — the most real things in the world are those neither children nor men can see."

"Did you ever see fairies dancing on the lawn? Of course not, but that's no proof that they are not there — nobody can conceive or imagine all the wonders that are unseen and unseeable in the world."

"You tear apart the baby's rattle and see what makes the noise inside, but there is a veil covering the unseen world which not the strongest man, or even the united strength of all the strongest men, that ever lived, could tear apart. Only faith, fancy, poetry, love, romance, can push aside the curtain and view and picture the supernatural beauty and glory beyond."

"Is it all real? — ah, Virginia, in all this world there is nothing else real and abiding."

"No Santa Claus! Thank God! — he lives, and he lives forever — a thousand years from now, Virginia, nay, ten thousand years from now, he will continue to make glad the heart of childhood."

Chamber President Bob Lee Notes Increased Membership

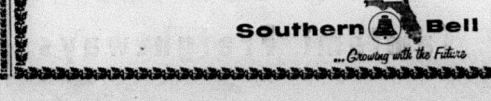

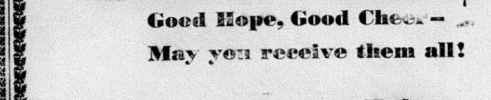

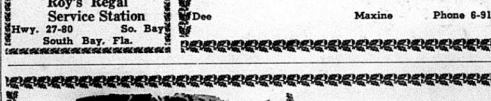

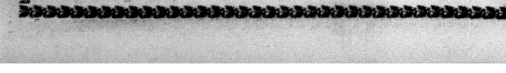

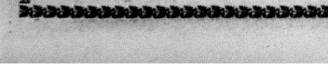

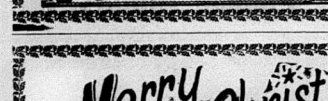

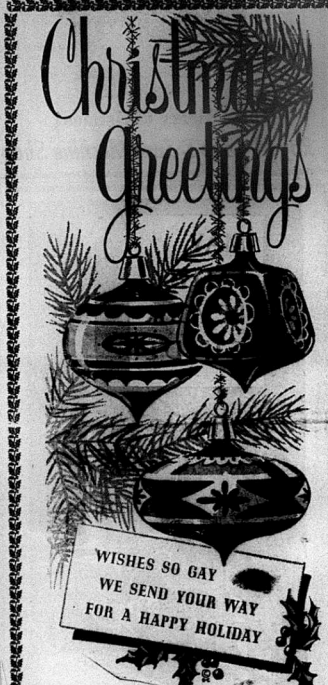

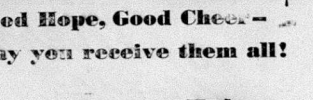

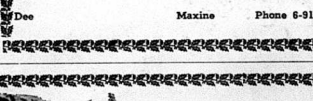

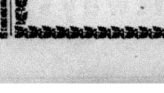

"While little or not complaint has been noted about the adjusted membership fees," says President Bob Lee of the Belle Glade Chamber of Commerce, "I encourage anyone who would like to discuss the new assessment to contact me as any member of the Board."

"We are pleased with the results following the recent kick-off breakfast in renewals and new memberships," the President says.

L. L. says "we keep a master calendar of city events, and it would be a gesture of cooperation before scheduling any major event to determine any conflict by contacting this office."

It is pointed out that membership in the Better Business Bureau and cooperation with the City enables Belle Glade to remain generally free from the usual "fast buck" boys who come around in their fligh from the snow areas this time of year.

"Let's be joyful, but not TOO JOYFUL," says L. L. "during the Holidays."

Women's Auxiliary Officers Seated At Annual Dinner Of Hospital Board

Herman L. Close, Southwest Palm Beach County Hospital Board, installed officers of the Women's Hospital Auxiliary at the Annual Dinner held last Thursday night at the Community Center.

Mrs. David Bailey was installed as president. Other officers installed were Mrs. Joe Baker, Vice-president; Mrs. Victor Mul-

berg, Recording Secretary; Mrs. C. A. Bailey, Corresponding Secretary and Mrs. I. L. Price, Treasurer.

The ne wofficers were presented white memorandum books, a gift of the president. In his installation message, Mr. Close praised the auxiliary for the work they had accomplished in the past and cited various

items of equipment furnished the hospital as a result of their work.

"We Need the auxiliary for a number of reasons," said the speaker, "one being the good will and public relations afforded by the ladies." Continuing, he said "if we are to give the patients the kind of care they need, the kindness and friendliness of the people surrounding the hospital, the organization is necessary and a great deal of this has been accomplished through the ladies of the auxiliary."

Mrs. Irvin Zumpf and Mrs. Guy Wood were presented tokens of appreciation for their work in the Heart Clinic and recognition was paid the doctors for their "many hours spent in free examinations to patients needing attention." It was learned that the first scholarship award was presented to Linda Leathlean who is now attending nursing school and through the scholarship fund, an auxiliary project, it was felt that many nurses will return to the community to practice their profession.

Board members attending the dinner were R. W. Lanier and Lee Berryhill. Doctors were Dr. Joe Baker and Dr. Grady.

Santa Claus Visits Alice Lamb Early

Photo By Averill

"IT'S JUST LIKE CHRISTMAS," remarked sleepy Alice Lamb after realizing she had won a beautiful bridesmaid doll. The drawing was held recently by the Xi Beta Chapter of Beta Sigma Phi. Mrs. Lois Davis, president standing, and Mrs. Davis Kicklighter, ways and means chairman, look on. Alice seven year old daughter of Mr. and Mrs. Howard C. Lamb is in the second grade at school. When the drawing occurred, she was in bed real sick with a severe earache, but was bundled up and brought down to have her picture made. The next morning she fully realized what had happened and says it's the biggest thrill she ever had and since then has kept the doll close by. Jimmy Wilson won the bride's doll and Mr. T. E. Williams the other bridesmaid. The proceeds from this yearly project goes toward some worthy cause in the community.

Candles Glow at Christmas

It would be astonishing, indeed, if no candles appeared in homes throughout the nation on Christmas Eve. The legend which surrounds the custom is believed to have started in Ireland.

There on Christmas Eve a large candle was burned which could be snuffed out only by one named Mary. As the Irish put it: "Who knows, on some Christmas Eve, Jesus and Mary and Joseph may come again, not to Palestine, but to the Holy Isle on the farthest edge of Europe?"

The first use of candles for Christmas is not recorded anywhere. But according to an old legend, the "Christ Child Candle" was burned in windows to light His way if He made an earthly visitation. It was also lighted in atonement for the night of His birth when there was no room for Him.

**MERRY
CHRISTMAS!**

May your holiday be as bright as Santa's
red suit, as gay as his twinkling eyes and
as wonderful as the tradition of St. Nick!

Firecrackers . . . A Family Problem

From the Scouters to Gulf Stream Keyhole Outlawed in our State of Florida Firecrackers are legal in our neighboring State of Georgia. Their open sale in Georgia and the unthinking adults and parents in our Florida communities encourage winking at the Florida Firecracker statutes which are intended to protect children from injury.

Although their risk is obvious, the sole purpose of firecrackers is fun. Some toys! True they are sometimes a minor nuisance in the hands of certain teenagers, and adults, usually late at night accompanied by the screech of tires.

Ignoring the nuisance aspect, let's consider other aspects of the firecrackers as an item in the lives of our youth. The fact they are not legally sanctioned kid who has 'em can (and frequently does) sell them to other youngsters. Total proceeds are small, but the moral training principles are big. Here a kid can learn the first lesson on operating outside the law and reaping 500 percent to 1,000 percent profit on his investment. Shades of prohibition! Sure, it's not large scale or organized, but it plants an idea in fertile soil.

Firecrackers are attractive to boys. Their very risk contains the element of adventure. Let's consider the risk in terms of youth development. This is no calculated risk, no gamble at reasonable odds because firecrackers serve no possible benefit. They develop no skills, provide no growth opportunities, no challenge to mental expansion. The biggest reward they offer to youngsters is to escape unscathed after using them. The occasional alternative is a terrible injury. Truly, the little people who profit from firecrackers are their Japanese and American manufacturers and the Georgia retailers.

We adults are responsible for any firecrackers problem we have in our localities. It's more a family problem than a police problem. We must continue to shoulder the blame as long as we drive the cars that stop at "fireworks for sale" sign across the line; as long as we wink at the petty nuisance of an off-season firecrackers exploding in our neighborhood; as long as dad is as much a juvenile about firecrackers as is junior.

Common sense and Florida Law need adult action for eliminating firecrackers. Safety is no accident, and like charity, it must begin at home.

Mrs. Roland Todd Selected Winner Of The Fort Lee "Lady" Contest

Attractive 19-year-old Mrs. Dawn Todd, a former Belle Glade girl, wife of Sgt. Roland Todd of Pahokee, now with the National Guard at Ft. Lee, Va., was selected as the winner of the Fort Lee "Lady" contest.

Mrs. Todd, chosen from 19 contestants, will represent Fort Lee on the cover of the magazine when the post is the subject of a feature article in that publication some time in 1962.

The Ft. Lee Lady, who is well known in this area, having lived in Belle Glade since she was 14, is a dark haired brown eyed mother of two small sons. She is five feet three inches tall and weighs 110 pounds.

Sgt. Todd, who with his family lives at 11 Centre Hill Court, has been in the Tri-City area for a little more than two months. He is assigned with the 149th QM Company of the National Guard unit recently activated and ordered to Ft. Lee from Belle Glade.

The winner was selected from a photograph, after it had gone through three elimination rounds, as four of base judges pondered over the 19 pictures of the contestants. Mrs. Todd had the picture made to send to her mother, Mrs. Doris Johnson, of Belle Glade, when she discovered it missing and learned her husband had entered it in the contest. When notified she was the winner, the young mother could hardly believe it. Her reaction was of surprise and happiness.

The following is the text of a letter, sent by the Director, Loan Guaranty Service of the Veterans Administration. Dated Nov. 7th, 1961.

Local offices will continue to accept requests for direct loans from eligible veterans who reside in A direct loan area, and will continue to place the names of such applicants on Direct loans waiting lists.

The loan offices were notified on October 11th, to discontinue temporarily the processing of direct loan applications, except for cases where commitments to make loans were outstanding.

The temporary suspension was terminated on Oct. 25th by authorizing local offices to process to completion all cases in which direct loan application forms had been furnished to veterans prior to Oct. 13th, 1961.

Additional applications are not being furnished to veterans on the waiting lists at this time. These instructions implement a decision of the V. A. after thorough study of all program activities, to make no further borrowings of direct loan funds from the secretary of the treasury during the balance of this fiscal year.

Since January of this year the V. A. has borrowed from the treasury and distributed \$250 million of direct loan funds to the field offices in addition to \$60 million obtained from repayments on direct loans, making a total distribution of \$300 million.

This is \$124 million in excess of the amount allocated during the first 9 months of calendar year 1960 and exceeds the amount made available for the same period of any prior year.

The funds allocated to the field offices will be sufficient to

Mrs. Roland S. Todd

In addition to representing Fort Lee on the magazine cover, Mrs. Todd will receive a \$200 make-up outfit from the Fort Lee PX, a free hair cut, shampoo and set or permanent wave from the PX Beauty Concession. The Todds will also be entertained at a evening out at the Fort Lee Non-Commissioned Officers Open Mess with dinner and refreshments provided by the Club. Other news media are carrying the story and picture of the winner, and the runners-up.

Judges for the contest were Miss Betsy Holt, director of Women's Activities for WXXB-TV; Ray Fraier, radio station WFLA; Richard Oppenheimer, radio station WHAF; and Bill Cameron, radio station WSSV.

ABOUT NAZARETH

Nazareth, the chosen city and seat of Christendom's holiest places, was once so insignificant that the term "Nazarene," was applied to Jesus Christ in derision. When Jesus called his disciples, Philip of Bethsaida was chosen and Philip happily informed Nathanael, "We have discovered the One about Whom our scriptures speak. He is Jesus of Nazareth, the son of Joseph." And Nathanael replied, "Can anything good come out of Nazareth?" But when Nathanael came to Jesus, Jesus spoke to him and Nathanael exclaimed, "Thou art the Son of God! Thou art the King of Israel." Nathanael returned to Nazareth in the company of a few chosen disciples as Jesus was to begin His ministry in the land He loved so well.

MISTLETOE CUSTOMS

The ancient Druid worshipped mistletoe because it grew on their sacred oak. At the end of each year, a Druid priest would cut down the mistletoe with a golden sickle, and not one twig was allowed to touch the earth. Later, sprigs of mistletoe were fastened over doorways to ward off evil spirits.

Florida growers marketed 147,000,000 pounds of cucumbers during 1960.

FIRST MUSIC BOX

The first music box on the United States was manufactured in 1862 by the Berlin Music Company, a branch of a German firm. Music boxes were developed sometime after 1750 by the watch makers of Switzerland.

SIMPLE GIFTS
Gifts that you make yourself are always highly appreciated, and can be elegantly decorated if you use a bit of imagination. Coffee cans painted and lacquered will make ideal containers for goodies from your kitchen. Wick-er baskets, trays, apothecary jars, hat boxes; all of these can be decorated or trimmed to add a more personal touch to an individual.

Peak volume of cabbage is shipped from Florida during January, February, and March.

EXTRA TOUCH
If you have a number of children on your Christmas list and consequently must a little for small-size toys, you can make each child's package more attractive by decorating the outside of the wrapped package with bright lollipops and other "treats."

Here's hoping Santa
treats you right and fills
your stocking with the
gifts of Joy and Gladness...
and a Happy Christmas!

Liberal vs Conservative

Liberal - Befitting a person of free birth; generous, abundant; not strict; not narrow in opinion or judgment; not orthodox. Conservative - Preservative; disposed to keep things the way they are, are opposed to change. These are the dictionary meanings of liberal and conservative. Nowadays they have slightly different meanings. If a person is liberal today, he should belong to the Democratic party, favor Federal aid to education, favor abiding by the decisions of the United Nations, be more Federal government, be opposed to segregation and for complete racial integration, be violently pro-life, be for a larger welfare state in the United States, favor socialized medicine, oppose big business, and favor allowing Communists to speak their mind. If a person is conservative today, he should belong to the Republican party, support Barry Goldwater, maintain a relatively isolationist policy, condemn the National Council of Churches and UNICEF, be afraid of the UN, oppose Federal aid to education and just about everything else, be for controls on labor as well as business, oppose welfare legislation, and always listen to Fulton Lewis, Jr. newscasters.

The word ULTRA before any word means extreme. Some people go so far as to be called ultra-liberals or ultra-conservatives. Senator Barry Goldwater tells the story that when he first came to the Congress, the liberal publications would try to insult him by calling him a conservative. Now, he says once conservatism has become reasonably popular, they call him an ultra-conservative. When the hyphen disappears, says the Arizona, conservatism will be here to stay.

Conservatism is on the platform of the Republican party, while liberalism was the claim of the Democrats. Now, it seems that the parties are mixed. The Republicans have their conservatives, yes, such as Goldwater, Walter Judd, and Everett Ruess, but they also have liberals such as Nelson Rockefeller and Jacob Viner. The Democrats have their liberals, yes, such as Hubert Humphrey and President Kennedy, but they are blessed with right conservatives such as Strom Thurmond and own Steward Holland. It appears that conservatism is running rampant in today's political parties.

When Billy James Hargis, leader of the ultra-conservative Christian Crusade, came to Belle Glade last month, he was greeted with hostility. We don't know whether this was because he is considered a right-wing radical or because liberalism is now popular in our town. We suspect it is the former.

It seems a shame to me that it takes a radical like Dr. Hargis or something of that type to wake Americans up. It is time for citizens of the United States to wake up to the dangers of creeping socialism! It is time for Americans to realize that the liberal communism is also dangerous! It's surely not as dangerous as external communism, but it is VERY dangerous. Personally, I have never understood why known Communists are not just locked up in prison. If they are members of the Soviet Communist party they are advocating the violent overthrow of the United States, and this is UN-CONSTITUTIONAL!

Some of the members of the political right-wing, notably Robert Welch, founder of the John Birch Society, made wildly inaccurate claims. Welch has said that the Roosevelts, Harry Truman, and Dwight D. Eisenhower were all conscious agents of the Communist conspiracy. He has also said that the Roosevelt making claims such as these that serve not to fight communism but to further divide Americans. As President Eisenhower has said about these "super-patriots": "... we don't need them."

Even more dangerous than the political right, however, is the political left. Those individuals who feel that we should appease the Communists and make America into a socialistic nation. Socialism is actually being ordered around in Washington today as a plan for our country. These people must be ignorant of the fact that the United States is founded on freedom and socialism is founded on government control.

Why can't Americans stay away from these extremes? Why can't we have one, strong, unconquerable, moderate nation? Let's not listen to the empty-headed liberals or to the stubborn ultra-conservatives. ... let's listen to the really great American leaders: George Washington, John Adams, John Jefferson, Daniel Webster, Abraham Lincoln, Woodrow Wilson, Clarence Darrow, and all the other. America is not quite dead; she still has many good years left. If we keep going right, our powder dry, and our heads held proudly we will move forward and stamp out the enemies of liberty.

Physical Education Is Important

Although many people feel that physical education in high school is unnecessary I believe that the students gain much from this class. I've found that physical education classes in which the students can be physically and mentally. After a few classes that require mental strain and almost complete silence, physical education classes offer an opportunity to "let off steam" and relax somewhat. Although phy. ed. classes are disciplined the students can be at ease and more in the mood for entering into class than in other classes.

Phy. Ed. tends to break the day. After relaxing in phy. ed. class, the normal student feels like he's resuming his studies for a few minutes of a more academic level.

In Phy. Ed. classes most students meet many new friends for the first time. Our adventures in class are a constant source of amusement to our group. We can recall many incidents that will stand out in our lives as memorable occasions. Such incidents are: our teacher searching for his car after he had been thrown in the pool, one of her students fully dressed, and another trying to teach us the art of staying on scooters.

Of course, we learn to be good sports in this class. One can't fall off a scooter, get hit with a softball, or have to turn a lap for losing too many games without being a good sport. Physical education like all other classes, can be a boring and uninteresting class unless one puts something into it. The girls that really put some of themselves into the class find for her can be one of the most enjoyable classes that they have. Also, like other classes there are always some causing trouble. These girls are the same in all their classes so that is no reflection on phy. ed. On the average school life and the studies, taking phy. ed. will benefit in the long run.

Girls Attend WPB Golfers Meeting

The girls golf team attended the Palm Beach Open Golf Tournament in West Palm Beach Sunday.

Arrangements for the girls to see the finals were made by Miss Stratton.

Mr. and Mrs. Bob Davis took the girls over. They enjoyed watching Sam Snead, Goy Grever, Arnold Palmer, Gary Player, Johnny Rott, and Mike Kraz, husband of the former Miss Rumbaugh.

Those attending the tournament were Robin Davis, Pat Fialter, Mary Ruth Rogers, and Patti Wilkinson.

A Christmas Message Christmas Holidays, A Sign of Freedom

In a few more days the students of Belle Glade High School, Christmas and Jewish alike, will be celebrating religious and centered around the core of their different religious and the spirit of giving. For the Jewish people, the holiday season will, of course, by Hanukkah, whereas Christians everywhere will be remembering the birth of Christ, which changed the course of the history of the world.

Interestingly enough, both religious groups will have Christmas lights burning, though for quite different reasons. Whereas Jews will have candles burning for eight days in memory of God's miraculous blessings to them hundreds of years ago, Christians lights for Christians will symbolize the light that directed people to the Christ child cradled among the hills of Bethlehem.

Unfortunately, among both Jewish and Christian believers, there will be those who will not take their religious holidays seriously. Instead of there being a "spirit of Christmas" or a "spirit of Hanukkah," on far too many occasions there will be "spirits" of an alcoholic nature. Further, many of us will fail to show gratitude for the religious freedom which makes such a holiday season possible. Instead, we will think merely of the pleasures which we will derive from the holidays. We will think happily of being able to sleep late in the mornings, of being able to forget homework assignments, and of the social society of the season. In addition, many more of us will concentrate on gifts than the ones we are GIVING, but the ones we are RECEIVING.

"How many gifts did you get?" will be asked more than once. These facts indicate one thing: we are selfish people who too easily forget God.

Certainly our Lord and Savior never intended Christmas, Hanukkah, or any other religious holiday to become a self-centered celebration. In each case, we should be celebrating these days because GOD GAVE. Not only that, but we should celebrate as if this were our last golden opportunity to pay tribute to our Lord and Savior. It could be, you know! With Communism gripping the lives of men today and spreading like a maldy over our world, Christmas 1961 could become our last Christmas festivity, for Communism is in direct opposition to the religious beliefs of both Christians and Jews. Only because we have religious freedom will we have Christmas holidays at all.

How important are these holidays? Would we fight for either? If so, my friend, let us celebrate the 1961 Christmas season as if it were our last. Let us shine forth our own lights this year to light the way for a world filled with darkness - the darkness of such sins as greed; selfishness; lust; hatred, and, amid them all, the monster Communism.

Rams Over Hawks Not 7-6 But 37-36

The Rams and the numbers 7 and 6 came back to haunt Saturday Tuesday night. After leading most of the ball game the Rams dropped behind at 36-35 when 6' 3" center John Woolbright hit a field goal and added a free throw to overcome a 35-33 Ram lead.

Ward twice failed at the free throw line on one and one chance. After Seacrest got the rebound and headed down court a Seacrest guard led the Rams full court press unsettle his nerves. He kindly threw the ball out of bounds with only 15 seconds remaining.

Ward went from goat to hero by hitting an 18 foot jump shot from the side. It turned the trick at 37-36.

Rabara intercepted a desperate attempt to get the ball to Woolbright and passed to Tommy Bass who dribbled away the remaining seconds on the clock. Both clubs are undefeated.

Neither ball club was hitting from the floor. The Rams led in field goals 16-13 but only hit 33 percent of their free throws. It made for some anxious moments.

The Rams "Big Three" of Ward, and the Bass boys were their usual selves on defense. They are rapidly becoming unpopular around the league with opposing ball handlers.

Stratton, Close and Rabara gave away height but not lust and rebounded on even terms with the Seahawks.

Ward again led Ram scorers

Find True Meaning For Happy Christmas

"I am come that you might have life and have it more abundantly."

In these words are the true meaning of Christmas. Jesus himself said it.

"For the Son of man is come to seek and save that which was lost."

The birth of the Infant Saviour is more than the birth of a child; it is the fulfillment of the promise of God.

The happiest Christmas of all will belong to those who reach out with their heart for the true spirit of Christmas.

Dear Parents: from Principal Morris

Dear Parents:
This letter should not be cause for alarm.
It is written to give you information as to your school's plan in the event a message from County Civil Defense should be received that there will be danger from fallout. Of course, none of this danger to arise but we must be sensible and face the possibility.

In the event there is such an emergency, the County Civil Defense Authority will instruct schools to close and evacuate the children.

Those who walk will be told to go immediately to their homes; those transported by school buses will be taken to the usual bus stops. Plans have been worked out carefully and in detail for as fast and orderly an evacuation as possible. If you are not at home certain hours of the day, you should inform your child as to where he should go. I, as your child's principal, should have this information. Remember phones may be so tied up that they will not serve you. Do not depend on this kind of communication.

Civil Defense has stated that from the time of warning of danger from fallout there will be a minimum of one to seven

hours, depending upon wind velocity at the altitude carrying the radioactive debris.

Do not plan to pick up your children at school if there is time for them to walk or ride home the usual way. This will lessen the traffic confusion. The duration of the fallout could last from several days to two weeks and extend over a considerable area. For this reason, Civil Defense has directed that the children go to the protection of their homes.

Palm Beach County is not considered to be a target area. However, in the event of blast, your school will make every effort to serve as a shelter. Otherwise, do not ask the school to keep your child for you. Many teachers also have their families to consider. The quicker a complete evacuation is effected, the quicker they can prepare for their own.

Feel free to plan with me and feel free to ask questions by contacting the Civil Defense Office, OV 3-0860.

I know you will face this situation in a sensible manner. We do not want to go through an evacuation, but we would be most unwise not to have a plan ready to execute.

Sincerely yours,
Principal, Belle Glade Jr. Sr. High School

Mount Of Beattitudes

Visited by Thousands
Thousands of visitors to Israel each year visit the chapel on the Mount of the Beattitudes in Lower Galilee.
This Holy Land monument to build on the site where Jesus pronounced the Sermon on the Mount: "Blessed are the poor, blessed are the meek, blessed are the merciful."
From the chapel, the visitor can retraced the footsteps of Jesus, downward from the Mount of Beattitudes to the Sea of Galilee, where He performed the miracle of the loaves and fishes, and where He preached on "The Bread of Life."
Nazareth and Cana are but a short distance away.

Mrs. David Bailie Reelected To Head Hospital Auxiliary

Proceeding the business meeting a workshop was held.

Those attending were Mrs. Bailie, Mrs. L. L. Price, Mrs. Ted Daniel, Mrs. J. E. Fraser, Mrs. C. A. Bailey, Mrs. Mildred Haney, Mrs. Dora McWhorter, Mrs. Victor Mulberg, Mrs. J. A. Finck, Mrs. Thomas Bregger and Mrs. J. A. Baker.

Churches Of Christ

Scientist

The birth of Christ Jesus, and other highlights for this history as recorded in the four Gospels, will form the background of the Lesson-Sermon at Christian Science church services Sunday.

Keynoting the Lesson-Sermon entitled "Christ Jesus" is the Golden Text from John (12): "I am come a light into the world, that whosoever believeth on me should not abide in darkness."
Scriptural reading include this passage regarding the wise men from the East: "When they saw the star, they rejoiced with exceeding great joy. And when they were come into the house, they saw the young child with Mary his mother, and fell down, and worshipped him: and when they had opened their treasures, they presented unto him gifts: gold, and frankincense, and myrrh."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this citation will be read (p. 95): "Led by a solitary star amid the darkness, the Magi of old foretold the Messiahship of Truth. Is the wise man of today believed, when he beholds the light which heralds Christ's eternal dawn and describes its effulgence?"

So. Fla. Fair Manager Allen Tells Of Firemen's Tournament

Miracle Plays Part Of Brazil's Holiday

The Christmas season in Brazil begins on Christmas Eve and ends with Epiphany on January 6. And because it is really summer time (south of the equator) festivities and entertainment appropriate to summertime hold sway throughout the season.

Miracle plays are performed in adoration of the Holy Child. Many take the form of elaborate dances meticulously performed and accompanied by music or an orchestra. The Dance of the Four Parts of the World is a typical example.

The roles are enacted by girls dressed for the part and, in succession, Europe, Asia, Africa and America declaim. The discussion finally involves their respective rights to make obligation to the Christ Child. Eventually, Father Time appears and settles the dispute to the satisfaction of all concerned.

The first commercial microwave system installed in Florida for long distance telephone transmission was between Tampa and Bartow. This was completed in 1953 by the Peninsular Telephone Company, now part of the General Telephone System.

The Federation of State and Provincial Associations of Fairs of North America is basically representative of all states of the United States and all provinces of Canada. Membership is limited to present and past officers of state and provincial associations.

While in Chicago, Allen Larnar spoke before the International Association of Fairs and Expositions, which was also meeting there last week.

The subject of his talk was one of the popular annual features of the South Florida Fair and Exposition—the firemen's tournament, scheduled again this season during the Jan. 28-Feb. 3 Golden Jubilee of the fair.

Allen explained the planning required for presentation of the colorful tournament, which is operated entirely by the area's volunteer fire departments, with paid municipal firemen giving assistance as judges and emcees and managing the 45-minute fireworks display that climaxes the program.

Copies of rules and regulations for the four principal competitive events and score sheets for the 1960 and 1961 tournaments of the South Florida Fair and Exposition were given by Allen to international association members interested in planning similar events.

ELECTRIC RANGE
Flameless electric cooking is cooler, cleaner, safer. It heats the food—not the kitchen. No soot or greasy foot grime to blacken pots and smudge walls. No fumes or constant-burning pilot lights to disturb peace of mind. And automatic controls eliminate pot-boiling at bargain prices.

ELECTRIC DISHWASHER
Saves endless hours! Just stack the dishes, ...press a button...and the job is done! Everything is automatically washed, rinsed, "sanitized" and dried sparkling bright. An Electric Dishwasher is a permanent holiday from a never-ending tedious chore.

ELECTRIC REFRIGERATOR-FREEZER
It's like a supermarket in the kitchen...a modern double-duty food center that keeps food fresher longer and keeps from foods flavor-free for months. Plenty of ice cubes always on hand. Saves shopping time and money by stocking up on "specials" at bargain prices.

ELECTRIC WATER HEATER
The new super-fast, super-safe Electric Water Heaters heat as much hot water in 24 hours as the average family uses in two full weeks. No flames, no fumes—require no venting. Installs anywhere in the home for greatest convenience. Clean, silent, dependable and the utmost in safety.

What About Frankincense And Myrrh?

Gold has always been one of man's most treasured possessions, but what about frankincense and myrrh, the other substances which the Wise Men chose to offer as gifts to the infant Jesus? Why were they so highly valued?

Frankincense and myrrh are resins taken from trees and shrubs found on the dry rocky hills of Somalia and southwestern Arabia. Peoples of antiquity used the two substances for a variety of purposes—for embalming and in cosmetics, perfumes, medicines, and incense.

Frankincense
Somalia is chief producer of frankincense, although some comes from Arabia. Most frankincense comes from a small shrub-like tree with a stout trunk and pale brown and yellow bark. Its flowers are grouped in slender clusters and the fragrance of the blossoms is discernible for a considerable distance.

The resin flows from natural fissures in the bark of the tree, or from man-made incisions. It emerges as a whitish, viscous liquid that turns yellow and clings to the wound in the tree like tears. Every few days the resin is collected and the wound in the tree is freshened.

Ancient Arab traders introduced frankincense to many peoples. Today, the yellow tears and brown lumps of resin are sent to the seaport of Aden to be shipped to Europe, America, or Bombay.

Myrrh From Somalia
Myrrh is obtained from trees of several species and most of it comes from Somalia. Some of the trees are from ten to thirty feet tall, other myrrh-producing plants are mere bushes.

Myrrh flows freely from a break in the bark of the tree or plant and is collected in brownish-yellow or red brown masses that may be as large as a hen's egg. The ancients used myrrh in embalming; the Egyptians used it in the mummification process and Roman physicians prescribed myrrh in treatment of dropsy, carache, eye diseases, bladder stones, abscesses and broken heads.

Frankincense was chiefly used for incense, yet was an early ingredient in prescriptions for che-pain, hemorrhoids, hemorrhages from the mouth and throat, broken heads, paralyzed limbs, bruises and ulcers.

Floratine Lawn Grass

Propagated By Experiment Station

GAINESVILLE — Floratine grass, a promising new variety of Florida's vegetative turf grass certification program. Floratine is not planted by seed but instead vegetatively, which is by sod squares or sprigging.

A blue tag, bearing the name of the turf grower or dealer and the signature of the state plant inspector, must accompany each shipment of Floratine grass — or indeed any certified turf, regardless of variety.

This blue tag offers protection to the turf buyer and the homeowner seeking the best available stock for his lawn. The tag testifies that the grass planting stock is of the variety named, and is free of noxious weeds, nematodes and other pests.

Turf grass certification became highly desirable when during previous years thousands of square feet of contaminated turf stock were sold to the public, often under variety names no longer corresponding to the grass stock itself.

The Florida Turf-Grass Association, Agricultural Experiment Stations, the Extension Service, and cooperating turf growers felt that the identity of the new strain Floratine could be preserved only by strict certification.

Released two years ago to commercial sod growers for foundation planting, all available Floratine until this spring had been used for propagation. Only certified Floratine stock may be sold.

The Division of Plant Industry, Florida Department of Agriculture — formerly the State

release.
Hall and Thomas, Lake Harbor are one of the certified grass nurseries who has met all qualifications prescribed by the Division of Plant Industry.

How may sprigs or sod squares of certified Floratine be obtained? Best bet is to ask the local garden supply dealer, or county agent.

Experts remind homeowners that summer or late spring is the ideal time to plant the new lawn in Florida. Grass planted during this season requires less attention, the warmth favors rapid growth, and the usually high amount of rainfall further hastens the lawn to maturity.

Stens Believed "Chimes" Best

Historians often credit Charles Dickens' immortal "Christmas Carol" as being perhaps the most effective single force behind England's return to the observance of Christmas. Yet, Dickens did not consider it his greatest work, nor was it the best seller during his lifetime.

The most popular of Dickens' stories in his day was "The Cricket on the Hearth," the story of a father who tries to shield his blind daughter from the realities of life. "The Cricket" made its appearance in 1845 and was an immediate success. It sold twice as fast as the now-familiar story of Scrooge and "Tiny Tim." Less than a month after "The Cricket" reached bookshelves, dramatic versions of it were playing in 12 prominent London theatres.

Despite the immediate success of "The Cricket" and the relative popularity of "Christmas Carol," Dickens did not believe either to be his greatest work. His personal favorite was "The Chimes," which, he told friends, "knock the Carol out of the field."

Dickens, of course, was wrong. "The Chimes" and "The Cricket" have each taken a back seat to "The Christmas Carol," the cheerful story of "Tiny Tim" and his friends.

Great Story Was Hidden For Centuries

Through his unforgettable Christmas stories, Charles Dickens brought the spirit of Christmas to millions, and achieved much more during his lifetime.

One of his most moving narratives, however, remained hidden from the world for years, at his own request. Some one hundred years after it was written exclusively for the enjoyment of his children, Dickens' "The Life of Our Lord" was first presented to the world.

The author's deep veneration for the life and lessons of Jesus Christ are found in these words: "Everybody ought to know about Him. No one ever lived who was so good, so kind, so gentle, and so sorry for people who did wrong or were in any way ill and miserable, as He was."

"And as He is now in Heaven, where we all hope to go, and all meet each other after we are dead, and there be happy all together, you can never think what a good place Heaven is, without knowing who He was and what He did."

Dickens left instructions that "The Life of Our Lord," not be commercialized and it was never made public until the year 1958 after the death of Sir Henry James, Dickens, the author's youngest child.

The literary prize was then purchased by the London Daily Mail for the price of \$210,000 or \$15 per word.

Christmas Not Holiday During Colonial Times

Christmas was not much of a holiday in Colonial times. On December 27, 1773, Sir William Stevens made the following entry in his journal at Savannah, Ga.: "A few people inclined to labour still, so great a propensity was there among them, through prevalence of custom, to keep the Christmas holidays; no feasting here was not yet in fashion; and my servants thought it best to work, without which I told them there was no eating."

Columbus And Crew Celebrated Christmas

The first Christmas observed in our part of the world was shortly after Columbus discovered America. The Santa Maria, headed on Christmas Eve at all Christmas day Columbus and his men worked to free her. When it appeared hopeless, the vessel was stripped as much gear as possible taken aboard the Nina. However, the Nina was unable to carry all the men, and some were left behind in a bark, that became of the season was La Navidad, the nativity.

Shoppers: Don't Walk Yourself To Death

The Florida Highway Patrol today warned holiday shoppers against "walking yourself" to death in traffic this Christmas season.

National figures show that half or more of all pedestrian accidents happen where there is no traffic control signal, and patrol statistics show it is no different from that in Florida.

"Pedestrians are particularly careless at Christmas time," declared Patrol Comdr. H. N. Kirkman. "How they can expect to stay alive when they are so preoccupied with shopping and holiday plans, and their vision so blocked by piles of packages that they cross the streets without looking for oncoming cars!"

"I want to urge every pedestrian to stay alive this Christmas season by staying alert to the dangers of traffic," Kirkman said.

He also repeated the warnings that 156 people died on Florida's streets and highways last December, and said the figure will be high again this year, "unless we all work hard to hold it down."

Annual Artists' Guild Exhibition

An exhibition of special interest to local artists in the area is the 9th Annual Artists' Guild exhibition that will open to the public on Saturday, December 16th at the Norton Gallery and School of Art.

A special preview and reception will be held for the members of the Palm Beach Art Institute, on Friday, December 15th from 4:30 to 6:00 p.m. Hostesses at the refreshment tables will be members and wives of members of the Board of Directors of the Artists' Guild.

The Gallery is open free to the public 10 to 5:00 p.m. Tuesday Saturday, and 1:30 to 5:30 p.m. on Sunday.

Children will enjoy making a Santa sleigh from a loaf, this type of egg carton.

Tear the top from one end of the carton and use the carton dividers to form Santa's seat and dashboard. The sleigh can be painted or covered with red construction paper and sleigh runners made from four candy canes. Place a candle Santa in the driver's seat and fill the sleigh with Christmas balls.

Candle Care

Candles are popular at Christmas, but they can be dangerous. Candles are so large for the opening in the candlestick, dip the base of the candle in very hot water and you can then melt gently into the holder. Cost all but the wick of your candle with soap suds and allow to dry before lighting. The candle so treated will neither smoke nor drip.

GOOD GIFTS

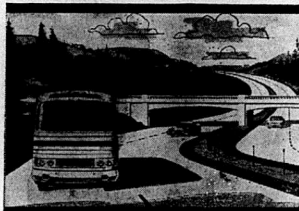

The housewife who thinks she has run out of gift ideas may be missing a bet, right in her own kitchen or pantry.

Many a family would welcome gifts of delicious home cooked foods.

Relish, pickles, preserves, jellies, or just canned fruits and vegetables, wrapped in attractive packaging materials and topped with a ribbon, borrow or artificial decorations—unless there's a family on your list that would enjoy such a gift!

PTA Panel Cites How To Correct Emotional Problems Of Children

An informative and educational program headed by Herman Close, program chairman, was presented at the PTA meeting. A panel composed of Miss Kathleen Rogers, Mrs. Genevieve Gove and Mrs. Gloria J. Smith discussed ways in which they would correct different emotional problems of children as presented in three case studies.

Mrs. Smith suggested as a mother, one should give a child praise, love and security; the mother should remain calm and have a set routine.

As a teacher, Mrs. Gove suggested that an underprivileged

child should be accepted on his own merit and not by his appearance; if the child shows physical defects, they should be corrected with the help of civilization organizations who have funds set aside for this purpose. Free lunches are encouraged so that the child may have one well balanced meal a day.

If a child has a high IQ, but won't keep up his grades, Miss Rogers stated he is probably bored and must be given extra and more challenging work. She pointed out that parents should have educational supplies at home; one child should never be compared with another. Never

say, "Why don't you do as well as your sister?" You should show interest in your child and encourage a hobby.

Mrs. Frank Dooley, character and spiritual education chairman, introduced Milton Carpenter who sang "The Lord Is My Shepherd," accompanied by Mrs. Millie Williams at the organ.

Business Meeting

Herman Close, vice president, presided during the business in the absence of D. W. Fisher, president, who was out of town. Announcement was made that Mrs. E. J. Schoepel had turned in her resignation as recording secretary and as no nominations were made from the floor the board will have to appoint some one for the office at its next meeting. Any one wishing to volunteer their services may do so by getting in touch with the board.

Mrs. Myron Ludlow, treasurer, announced 376 paid members; the carnival brought in a gross amount of \$2,413.35, with a net profit of \$1,639.18. The budget was presented and accepted. PTA operating expenses amounted to \$687.50; \$555 went to the Elementary School for various necessities; \$680 to the

high school, and Herman Close's Junior High Program received \$200.

A committee was appointed by the executive board to study and plan for reorganization of the PTA. They are to report their findings at the February meeting, and the pros and cons will be discussed at the March meeting and a vote taken. The committee is composed of John Kinlaw, chairman; Emil Wolf, Sam Crisman, Mrs. Barnes Smith, F. C. Dooley, Mrs. Richard Murray and Mrs. Vernon Dexter.

Mrs. Richard Nurray announced Dr. John T. Green will be at the school early in March to work on parent family life problems.

Mr. Close read a letter from C. R. Pirtle, Director Patrol Operations, concerning the hazardous bus conditions existing in Beaumont. The bus has no place to turn around except by backing up on the highway. Letters have been written requesting that a person with authority to stop cars be stationed at a point while the bus turns around. Letters were sent to Deputy Sheriff Vern Clark at the substation, Roger Akin in charge of bus transportation, Sheriff

Mistletoe Is Plant Of Many Characters

Boys are fond of mistletoe because of its power to invite a kiss from a pretty girl. Birds like mistletoe, too, for a different reason. The white-berried plant serves as winter food for mockingbirds, robins and waxwings. These small birds are responsible for the spread of the damaging parasite. After eating the berries, the birds clean their beaks on the trees, firmly planting the mistletoe seeds they do not eat.

The tap roots of the seedling pierces the tenderest portions of the tree—young branches or buds—and the tree sap is drawn into the thick leaves and translucent berries of the guest plant.

F. A. B. Widener and Mr. Pirtle and all of them stated they are not in a position to correct this matter.

A motion was made and seconded by the PTA to write to Commissioner Paul Rardin to build a turnoff for the bus.

Hostess for the meeting were Mary Frances Cooper, chairman; Betty Kinlaw, Jewel Bradlow, Ruby Greer. Christmas decorations were used on the table and cookies and coffee were served.

UNCLE DAN

DEAR MISTER EDITOR:

It used to be that folks all over America sang songs and talked about peace on earth and good will toward men at Christmas time. In my span of years they were a few setbacks, like the time we chased Pancho Villa over into Mexico and the winter the boys went to France to fight the Kaiser. We even had several winters when we were engaged with Hitler and the Japs. But in the main, they was 50 years when we could come up to the Christmas season with peace on earth and good will toward all mankind.

The yain't much of that spirit in the world today, Mister Editor. In America, history has moved from Pancho Villa in Mexico to fallout shelters in our own backyard. And, goodness knows, the American taxpayers has tried hard enough. I got the official figures in a article here in front of me now. Tito of Yugoslavia and Nehru of India has each received \$2 billion. Nasser of Egypt and that feller Sukarno of Indonesia has been donated \$1 billion, and 20 other so-called neutral countries, it says here, has got more'n \$1 billion in foreign aid from Washington. And all of them is leaping toward Russia as we come to another Christmas.

On account of trying to buy peace and good will from all these countries, and keep even with Russia in the arm race, our Government ain't lived within its budget in 15 year, is \$290 billion in the red and has a deficit of \$8 billion coming up

fer next year. Ever man, woman and child in the United States no woves \$1,800 fer this crusade to git peace on earth and good will amongst all men. And the end ain't in sight.

But on the bright side, we still got a uneasy peace in most of the world and strong hopes that man is getting too wise to risk destroying the world with nuclear weapons.

The fellers at the country store Saturday night was all agreed that e verbode here at home ought to be grateful fer what little peace we got in the world. Ed Doolittle brung up the thought that, in times like these, neighbors, friends and people in each community should ferget old grudges and disagreements and come closer together in the true Christmas spirit.

Clem Webster allowed as how we had our little troubles amongst ourselves, like the Democrats and Republicans accusing each other at election time of stealing sheep and shooting quail on the ground, but these was minor details compared to constant threat of them Russians to blow us into the hereafter.

I think Cle m's right, Mister Editor, and his little talk has done filled me with the proper Yuletide spirit. I even aim to send my Congressman a 10-cent Christmas card. Merry Christmas to all!

Yours truly,
Uncle Dan

PLUM PUDDING

Plum pudding evolved from an early English dish known as "frumenty."

Traditional at the English Christmas feast, "frumenty" consisted of wheat boiled until the grains burst and, after straining, rebelled with broth or milk and yokes of eggs. Somewhere along the line an imaginative cook added raisins, another person, some mace, chopped suet, etc., and eventually the plum pudding came into being.

Brighten Windows

With Decorations

Instead of the conventional wreath on the outside of the door, why not string some bells and tree ornaments on narrow baby ribbons and hang from a holly leaf bowl?

Make your door and windows bright and cheerful by framing them with ribbons and sprigs of holly. You can hang the ribbons in festoons across the curtains and tie at the sides in wide sash bows for colorful effect.
